

## IEEE Electromagnetic Compatibility Society Application for Technical Co-Sponsorship

### General Conference Information

- 1) Full name of the Conference:
- 2) Dates of the Conference (dd.mm.yy):    from            to
- 3) Location of the Conference                    City            , Country
- 4) Language of the Conference                     English     other:
- 5) Estimated number of participants:
- 6) Estimated Number of papers
- 7) Estimated number of papers on EMC aspects
- 8) Is the conference part of a conference series?            yes  no :
- 9) What was the most recent conference?
  - a) Name:
  - b) Date (dd.mm.yy):    from            to
  - c) Location                    City            , Country
  - d) Number of participants:
  - e) Is a conference record or proceedings of the previous conference available?  
yes                     no
  - f) Has the IEEE EMCS been a technical co-sponsor of any previous conferences  
in the past 5 years and including last year?            yes  no

### Paper Submission, Review and Acceptance Criteria

- 10) Planned publication date for the Call-for-Paper (dd.mm.yy):
- 11) Deadline for paper submission (dd.mm.yy):
- 12) Date for the notification of acceptance (dd.mm.yy):
- 13) Please, describe the paper review process (on a separate sheet)
- 14) Please, provide a list of your reviewers (on a separate sheet)
- 15) Please, provide paper acceptance criteria (on a separate sheet).
- 16) Is there a second review for papers needing mandatory changes?            yes     no
- 17) Will the EMCS technical committees be asked to review the papers?    yes     no

**Technical Areas**

18) Which topics of the IEEE EMC Society are covered by your conference?  
 (Please specify the percentage of paper that focus on the specific topic)

### Instructions

Please submit the competed application form to

IEEE EMC Society  
- Global symposia Coordinator -  
Professor Alistair Duffy

Email: [GSC-EMCS@ieee.org](mailto:GSC-EMCS@ieee.org)

Note: The application for technical co-sponsorship will be evaluated by the IEEE EMC Society for the following aspects:

- a) Is the conference technically sound?
- b) Level of involvement of the IEEE EMC Society Technical Activities Committee (TAC) in the technical program.
- c) Ability for IEEE EMCS TCs to review papers.
- d) Involvement of IEEE Section and/or EMC Society Chapter.
- e) Involvement of EMCS membership.
- f) Does the conference relate to Electromagnetic Compatibility?
- g) Existing level of association.
- h) Are there any other EMC related conferences being conducted within 30 days of this event (30 days before or after) that are sponsored or co-sponsored by IEEE EMC Society?
