Long Range (Strategic) Planning Report

- **Standardization for emerging technologies**
 - **Work on P1900.2 on SDR**
 - **Cognitive Radio**
 - **Watching TC activity (e.g. TC11 activities on nano) for possibilities**

Long Range (Strategic) Planning Report

- **Update member access to standards and regulations**
 - **Use new on-line services via Explore**
 - **Limited interest so far on regulations which seem to be outside standards work**

Long Range (Strategic) Planning Report

- **Continue to expand role of SACCom**
 - Reorganizing to retain the active members
 - New and full complement of officers –
Now in place!
 - Seeking ways to present EMCS standards activities to SACCom non EMCS members

Long Range (Strategic) Planning Report

- **Metrics for success**

- **SDCom**

- **Time from start to publishing**
 - **Maintenance of still useful standards**
 - **Entry of work into international work (IEC)**
 - **Sales of EMCS standards**
 - **Number of citings of EMCS standards in other documents or regulations**

Long Range (Strategic) Planning Report

- **Metrics for success**

- **SETCom**

- Holding technical sessions at a symposia
 - Cooperative work with ESAC
 - One standards article in each Newsletter

- **SACCom**

- Revise reporting form to generate interest by the Board
